

CANDIDACY IS NOT TAKEN SERIOUSLY

Bull Moose Aspirant Will Cut Little Figure in Tenth District.

NO FIGHT IN PROSPECT

Some Disaffection, but Not Enough to Endanger Party's Chances.

(Special to The Times-Dispatch.)

Lynchburg, Va., September 28.—Politicians of the Tenth Congressional District are wondering what effect the action of the Bull Moose aspirant, held Thursday at Buchanan, at which E. J. McCulloch, of Buchanan, was named to oppose Congressman H. D. Flood for re-election, will have with respect to a straight Republican or an independent candidate coming out against Mr. Flood. McCulloch's candidacy, of course, will not be taken with any seriousness. It should be a Republican nominee, and none is anticipated now, the result would be the same. Should there be an independent candidate, it would affect the result little, for Flood will be re-elected, no matter how many candidates are put up against him.

It is known that disaffected Democrats in one or more of the Valley counties of the district have tried hard to get a candidate out against Flood. A number of prominent party men in the district have been offered their support, but none of these would consider jeopardizing their regularity with the Democratic organization for the privilege of carrying such a fight to the polls. Nearly all of the men who were approached with such offers, it is said, declined the proffer without a moment's consideration. This seems to have effectively disposed of the effort to get out an independent, and now it may be wondered what the disaffected Democrats of the Valley will do with the Bull Moose candidate. From what can be learned, the party leaders of the district are not at all concerned, and if they turn to the Progressives it will only serve to swell their vote in the district by several hundred more votes than would be the real strength of the new party. Flood will go back to the next Congress with as large, or larger, majority than he had two years ago.

Little Opposition to Glass.
If the Republicans of the Sixth District are going to make the usual fight to Congressman Carter Glass, it is about time for them to begin to show their hand. There was some talk sometime ago of Republican opposition, but this seems to have died out, and it looks now as though Mr. Glass will not be opposed from that quarter. This leaves the Progressives and the Socialists to be heard from, and it is not improbable that the latter party will have a candidate in the
